TENDER FOR CONSTRUCTING MATERNITY, ANTENATAL, MEDICAL, SURGICAL AND GYNÆCOLOGICAL BLOCKS IN THE NEW HEADQUARTER HOSPITAL, MADURA

TENDERS will be received by the Superintending Engineer, Trichinopoly Circle, at his office at Trichinopoly up to 4 p.m. on 10th September 1936 for the work of constructing Maternity, Antenatal, Medical, Surgical and Gynæcological blocks in the new Headquarter Hospital, Madura.

The tender should be in the prescribed form obtainable from the Executive Engineer's office, Ramnad division, Madura, or the Superintending Engineer's office, Trichinopoly. The tenders will be opened by the Superintending Engineer, Trichinopoly Circle, at 3 p.m. at his office on 11th September 1936.

2. Tenders must be submitted in sealed covers, and should be addressed to the Superintending Engineer, Trichinopoly Circle, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender satisfactory evidence of his authorization. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of Rs. 5,300 (five thousand only) into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue deposits on behalf of the Executive Engineer of the Ramnad division at Madura, and enclose with his tender the challan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. The refund will be authorized by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department officers, save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denominations may be.

The earnest money will be returned in the case of the unsuccessful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Superintending Engineer's office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Superintending Engineer of acceptance of his tender make a security deposit of Rs. 5,000 (five thousand only) in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 66 of the standard preliminary specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of this contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely the Madras Detailed Standard Specifications and also the Standard Preliminary Specification contained therein, and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender unit rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Superintending Engineer, Trichinopoly Circle.

6. The tenderer's attention is directed to the requirements for materials under the clause " Materials and workmanship " in the " Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Superintending Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard " Preliminary Specification " regarding payment of seigniorage, tolls etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) Test, Inspection and rejection of defective materials and work.
(2) Carriage.
(3) Constructing plant.
(4) Water and lighting.
(5) Cleaning up during progress and for delivery.
(6) Accidents.
(7) Delays.
(8) Particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that the schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Ramnad division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees annas and in sums of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract such lump sum agreeing with the total amount of Schedule A. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The price at which and the source from which certain particular materials shall be obtained by the contractor are given at the end of the schedule accompanying the tender form. Tenderers must accept the material at these prices, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the charge to the contractor shall remain as originally entered in the written contract. No carriage or incidental charges will be borne by Government in connexion with this supply.

13. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement	Percentage of work completed (based on contract lump-sum amount)
Three months	20 per cent.
Six months	30 per cent.
Nine months	50 per cent
Twelve months	70 per cent.
Fifteen months	80 per cent
Eighteen months	100 per cent.

14. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorising others to receive payment on the contractor's behalf.

15. If further necessary information is required, the Superintending Engineer of the Trichinopoly Circle will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

16. The Superintending Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

17. The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenderers should therefore state in clear terms, whether they employ such technical staff and, if so, to give the qualification of such staff and the extent to which they will be employed on the work.

A Bill further to amend the Madras District Municipalities Act, 1920, and the Madras Local Boards Act, 1920, for a certain purpose.

Injunctions not to be granted in election proceedings.

"351-B. Notwithstanding anything contained in the Code of Civil Procedure, 1908, or in any other law for the time being in force, no court shall grant any permanent or temporary injunction or make any *interim* order restraining any proceeding which is being or about to be taken under this Act for the preparation or publication of electoral rolls or for the conduct of any election." V of 1908.

Insertion of new section 225-A in Madras Act XIV of 1920.

3. After section 225 of the Madras Local Boards Act, 1920, the following section shall be inserted, namely:— Madras Act XIV of 1920.

Injunctions not to be granted in election proceedings.

"225-A. Notwithstanding anything contained in the Code of Civil Procedure, 1908, or in any other law for the time being in force, no court shall grant any permanent or temporary injunction or make any *interim* order restraining any proceeding which is being or about to be taken under this Act for the preparation or publication of electoral rolls, or for the conduct of any election." V of 1908.

STATEMENT OF OBJECTS AND REASONS.

Instances have come to the notice of Government in which courts have granted injunctions for restraining the conduct of elections to municipal councils and local boards. These have been granted mostly on allegations of the irregular omission or the irregular inclusion of the names of electors in the electoral rolls prepared in accordance with the rules framed for the purpose under the Madras District Municipalities Act, 1920, or the Madras Local Boards Act, 1920. This causes considerable administrative inconvenience as it has become possible for a few irresponsible persons to hold up an election or even an entire general election. The intention

of the rules framed under the Acts aforesaid is to furnish a self-contained machinery for all matters connected with elections. The rules contain adequate safeguards and provide reasonable facilities for appeals, etc., being preferred by aggrieved parties. It is therefore considered desirable to amend the Madras District Municipalities Act and the Madras Local Boards Act by including therein a specific provision prohibiting courts from granting injunctions for the purpose of restraining proceedings which are being or are about to be taken under the rules for the preparation or publication of electoral rolls or for the conduct of elections.

BILL No. 16 OF 1936.

A Bill further to amend the Madras District Municipalities Act, 1920, for a certain purpose.

Madras Act V of 1920.

WHEREAS it is expedient further to amend the Madras District Municipalities Act, 1920, for the purpose hereinafter appearing; it is hereby enacted as follows:—

Short title.

1. This Act may be called the Madras District Municipalities (Second Amendment) Act, 1936.

Amendment of section 12-C, Madras Act V of 1920.

Madras Act of 1920.

2. In clause (*a*) of sub-section (6) of section 12-C of the Madras District Municipalities Act, 1920, for the words ' not exceeding eight hundred rupees per mensem in the aggregate ', the words ' not exceeding in the aggregate, one thousand two hundred rupees per mensem in the case of the Madura Municipality and eight hundred rupees per mensem in the case of any other municipality ', shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Under clause (*a*) of sub-section (6) of section 12-C of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), the salary and allowances payable to Commissioners of Municipalities should not exceed eight hundred rupees per mensem. Experience shows that it is not possible to adhere to this limit in the case of the Madura Municipality to which,

in view of its size and importance, it is necessary to post an officer with sufficient status and experience. The Bill accordingly proposes to enhance the maximum limit of the salary and allowances payable to the Commissioner of the Madura Municipality to 1,200 rupees per mensem.
